From Dr. Anderson & Dr. Moopen

Introducing The Anderson & Moopen Orthodontics College Scholarships

It has become readily apparent how much harder our patients are working in order to pave their way to higher education. Academic achievement that used to be reserved for honors programs is now the minimum standard for acceptance into state schools. Of course, the costs of continuing education are always on the rise, even when the economy is in poor shape. Keeping this in mind, we are excited to announce the beginning of some new scholarship programs to help our families with that first step into collegiate life!

Beginning with the 2010-2011 school year, we are proud to offer \$1,000 college scholarships to graduating seniors. Award recipients will be selected based on an application process that also includes an essay. What are we looking for? In a nutshell, our scholarships are meant for students who are not just high academic achievers but who have also contributed back to the communities in which they live. This would include, but is not limited to, volunteer work and after-school jobs.

At this time, there are three scholarships that will be available. Since a large group of our patients attends Boone High School, as well as Lake Nona High School, one scholarship will be given to a student graduating from each school. We have worked with the administrations at Boone and Lake Nona high schools to have applications available at the school, and scholarships will be presented at the Senior Awards Ceremony at the end of the school year. Of course, our office also serves many students from high schools and private schools around Central Florida. For these students, we are offering a third scholarship with the same application that can be picked up at our office.

We are proud to be one of the only orthodontic offices in the country to offer a program like this and are looking forward to reading through applications during the year. Best of luck to all applicants! And don't worry, even though Dr. Anderson and Dr. Moopen are Gator alums, there won't be any bias against anyone going elsewhere (even FSU and Georgia)!

NEW ADDITIONS

SAY HELLO TO THE NEWEST MEMBERS OF OUR TEAM!

CHERYL SHAFOR grew up in the Orlando area and has been in orthodontics for approximately 20 years. She is a devoted mother of two wonderful children. Her son is 21 and her daughter is 17.

CELY BALASQUIDES was born and raised in Puerto Rico. She and her family moved to Orlando in 2000. She graduated from Colonial High School. Cely has been an orthodontic assistant since 2002. Her favorite things to do, besides spending time with her mother and older sister, include traveling and art.

We are all excited to have them on board!
